## T O W H O M I T M A Y C O N C E R N :

As an ambitious Full Stack Developer with MERN Stack web development experience, I believe that I would make an excellent addition to your team. The skills I currently possess require an advanced understanding of JavaScript technologies and frameworks that I would love to bring to your company. I am a very detail-oriented individual who works fantastically with a team or individually. I enjoy learning and discovering new technologies to accomplish tasks and make things come to life.

Contributions to my former Team Lead role, and this field at-large, revolve around my essential programming and layout design talents. I have developed strong collaboration abilities and fostered a reputation as a key contributor through critical thinking and leadership skills. As a team player, I am collaborative with peers, searching for ways to integrate valuable insights. Through these qualities, I have confidence in my ability to facilitate positive change and collective effort.

For a greater illustration of my background and qualifications, please review my enclosed resume, as well as my portfolio listed below. I am eager to speak with you about this opportunity and thoroughly appreciate your consideration.

Sincerely,

Danielle O'Neal  
Junior Full Stack Developer
